ENGLISH CLASSES

Our curriculum and teaching methodology integrates some of the most innovative concepts and themes to create an exciting program that will motivate and engage students to collaborate and communicate in English.

English Classes for Young Learners

Using a blend of communicative and project-based methods our experienced teachers will deliver an exciting program called English in Action. Focusing on real-life English and communication, students will explore themes of Irish culture, history, and music. Students will work independently and in groups to investigate these themes and to prepare a project to present to their peers. The themes covered in class will blend into the activity program with worksheets for each venue we visit, designed to make the visits more meaningful and interesting, but also to encourage information gathering for projects and to experience English in Action.

Activity Program

Our camp is about communicating in English, making friends, never being alone and never being bored. Our seven-day program includes evenings events, a full day tour, and two full days in Dublin.

Dublin Experience

We spend two full days in Dublin each week to experience the best of the cultural and tourism attractions. Guided by their teacher, students will spend a half day learning about Irish History and Culture.

Full Day Tours

We include two full day tours as part of a two-week summer camp stay. Designed to avoid very long bus journeys we visit popular locations with a varied mix of fun, adventure, culture, and the great outdoors.
